

Critical Care International provides leading standards of healthcare for organisations working in remote areas and challenging environments. We offer both deployed and consultancy opportunities for experienced professionals in both clinical and community settings.

We provide 24/7 consultant topside support from panel of internationally recognised experts, comprehensive clinical governance and competitive remuneration. Furthermore, all our positions offer the opportunity for personal and professional development and may include leading multi-disciplinary teams, provision of healthcare in remote and austere settings and capacity building to deliver positive change to local and national healthcare systems.

We are looking for doctors, nurses, paramedics and development professionals with drive, enthusiasm, maturity, self-reliance and the ability to establish effective relationships with community stakeholders, client organisations, peers and co-workers.
